Text:

PA's spouse in Canada is a student, earning \$17500. Family size, incl. spouse, is 4. LICO for a family of 4 is \$45712. While meeting LICO is not a requirement in this case, it is considered as a guide for the amount of money required to maintain a family of this size in Canada. PA has sought an OWP but, as she has not indicated any prearranged employment, it is reasonable to believe that she may be without work for at least a while. Based on the available evidence, I am not satisfied that PA or sponsor in Canada have sufficient funds to maintain the family in Canada and effect departure at the end of authorized stay. Application is refused.

Text:

PA's spouse in Canada is a student, earning \$17500. Family size, incl. spouse, is 4. LICO for a family of 4 is \$45712. While meeting LICO is not a requirement in this case, it is considered as a guide for the amount of money required to maintain a family of this size in Canada. PA has sought an OWP but, as she has not indicated any prearranged employment, it is reasonable to believe that she may be without work for at least a while. Based on the available evidence, I am not satisfied that PA or sponsor in Canada have sufficient funds to maintain the family in Canada and effect departure at the end of authorized stay. Application is refused.
